ENSURE EQUAL OPPORTUNITIES AND END DISCRIMINATION

FROM THE DESK OF CHARGE D'AFFAIRES

Dear Delegates,

Blue Bells International United Nations Conference is defined by its participating institutions and individuals who make it special by contributing with their unique qualities, talents and experience. It gives me immense pleasure to invite you to be among the integral stakeholders of this edition of BBIMUN to be held at Blue Bells Model School Sector 4, Gurgaon on 14th and 15th October 2023.

We live in a world that is rapidly changing on a daily basis in front of our own eyes at so many levels. Humanity has never been more advanced than it is today in terms of science and technology and its varied skills. Yet, a multitude of deep and pressing concerns such as social inequity, global inequality, climate change, the unprecedented loss of biodiversity, unrestrained urbanization and destructive forms of economic aspirations have increased exponentially in the last century. These challenges require the concerted and aligned effort of the entire race, along with a moral obligation as residents of one planet, to actively be a part of the movement for 'sustainable economic growth in sync with social equity.

Education is vital for a sustainable society, extending beyond information to holistic learning. BBIMUN empowers young minds to unite, seek solutions, and implement innovative approaches to global concerns. Participants shape discourse among peers, promoting creativity and sustainability for the future, exploring uncharted territory in specialized committees.

The students, staff, faculty and all levels of governance of Blue Bells Model School Sec 4 Gurugram will ensure that our problem-solvers have the resources and support required to ensure rich discussions and learning experiences. On behalf of the entire BBIMUN team, I invite you to be a steward and a responsible trustee of this movement for awareness and realization of a larger vision for a better and sustainable future for humanity.

REGARDS

SPECIAL AND DIFFERENTIAL TREATMENT
FOR DEVELOPING COUNTRIES

FROM THE DESK OF THE ADVISOR

“Economic growth does not mean anything if it leaves people out. Economic growth does not mean anything unless it is inclusive growth”

BBIMUN has always believed in the power of collaborative progress. It aims to provide a forum for future leaders to debate and deliberate on some of the world's most pressing issues, while also challenging and inspiring delegates to take the lessons learned at the conference beyond the committee, grappling with today's complex issues and working towards change. With the goal of always helping people to grow and bring out the best in them, this year BBIMUN will revolve around the theme- Sustainable Economic Growth and Social Equity.

Sustainable Economic Growth is the pathway to the future we want for all. It offers a framework to generate economic growth that fosters inclusivity, justice, and social equity. Sustainable Economic Growth is not something that we can achieve with ease but is something that we should strive for. At the same time, it is necessary to ensure proper and balanced implementation of policies so as to make social equity an effective vehicle of social progress.

As Nelson Mandela said, “What counts in life is not the mere fact that we have lived. It is what difference we have made to the lives of others that will determine the significance of the life we lead.”

I challenge you to match the fervour of our dais at BBIMUN’23 and be highly engaged and ready to learn from their expertise on an array of global issues. Remember, we are the hope and the change!

It is my great pleasure to welcome you to the eighth edition of Blue Bells International Model United Nations.

Regards
Mudit Marwah

ADOPT FISCAL AND SOCIAL POLICIES
THAT PROMOTE EQUALITY

FROM THE DESK OF THE SECRETARIAT

**“What lies behind you and what lies in front of you,
pales in comparison to what lies within you”**

-Ralph Waldo Emerson

Dear future leaders,

Our world is facing a critical challenge, one that can either ruin us or lead to a more equitable and sustainable world for everyone. Climate shifts, wars over resources, human rights violations, poverty, and environmental degradation are just some of the pressing issues we must address.

That's why our conference will focus on Sustainable Economic Growth and Social Equity. Through various committees, we aim to sensitize and engage young leaders like you in resolving these global concerns at all levels.

We urge you to dive deep into research and learning, for knowledge is the key to finding effective solutions. Remember, failure is an opportunity to learn, and success lies in becoming both a student and a teacher.

So let's join our hands and be a global citizen, act with passion & compassion. Help us make this world more equitable and sustainable today for future generations. That is our moral responsibility.

We look forward to hosting you this October!

Regards
The Secretariat

PROMOTE BENEFICIAL AND SUSTAINABLE TOURISM

CRITERIA FOR BEST DELEGATION AWARD

The Best Delegation Award is the most prestigious award at the Blue Bells International Model United Nations Conference 2023. This award is given to the institution whose students have excelled in the Conference and displayed skills appropriate to their roles as representatives of nations and portfolios. This performance has been validated by the Executive Boards of respective committees through the awards in each committee, which form one part of the judgment criteria for the Best Delegation Award.

PARAMETERS OF JUDGMENT

There shall be three parameters discussed below. Examples are given to help you understand the same. Any queries can be clarified with the Senior Advisor over email. These parameters are:

1. Definition of a Delegation and its minimum requirements
2. Contribution of the Delegation to the Conference through their participation
3. Committee Awards

INCREASE AID FOR TRADE SUPPORT

COMMITTEE AWARDS

Every Committee at BBIMUN 2023 will have ONE Best Delegate Award.

Each Delegation has the opportunity to earn the following points for each award their members gain individually-

- Best Delegate Award FIVE (5) POINTS
- High Commendation Award THREE (3) POINTS
- Special Mention Award ONE (1) POINT

TOTAL NUMBER OF DELEGATES PARTICIPATING:

Each Committee at BBIMUN 2023 will have its own Executive Board and separate Judgment Criteria for judging committee awards. The number of awards in each committee will be communicated to all the participants on the first day of the conference.

Every Delegate has an equal opportunity to win according to the nature of the Judgment Criteria, which take into account both subjective as well as objective assessment.

Even if a Delegation has more than one participant in the same committee, it will not give them an unfair chance of winning an individual committee award as everyone will be subjected to the same criteria, and the Best Delegate and other awardees shall be chosen accordingly by the Executive Board.

A Delegation with a larger number of participants might increase the opportunity of winning an individual award in each committee, however, this does not form the criterion in the judgment of the Best Delegation Award in itself. In case a Delegation has multiple individual awards, the collective score (as per the criteria stated previously) will contribute positively to their chances of winning the Best Delegation Award.

CONTRIBUTION OF THE DELEGATION TO THE CONFERENCE THROUGH THEIR PARTICIPATION

The contribution of the Delegation shall be calculated in the following way:

- 1) Presence in Three out of Five conventional committees is mandatory for a Delegation wishing to be eligible for this award. This presence is irrespective of the number of Delegates the Delegation has in that committee as long as there is a minimum of one delegate per committee in three out of five conventional committees. Each Delegation fulfilling these criteria shall be given ONE point.
- 2) Presence in unconventional committees - Each Delegation shall earn ONE point per specialized committee they are present in. This is irrespective of the number of Delegates the Delegation has in that committee as long as there is a minimum of one delegate per committee in three out of six specialized committees.
- 3) Hence, the maximum number of points that a Delegation can score in this criterion is $1+6 = 7$ Points.

CAVEATS

1. One Teacher and One Delegate shall head each Delegation, names of whom should be sent to the BBIMUN Secretariat with the School Registration form.
2. If a school feels that its Delegates are not skilled or experienced enough to perform well in unconventional committees, the school may be allowed to replace their seats in unconventional committees with seats in conventional committees.
3. If there are any unregistered Delegates from a school or there are dues pending relating to the Registration Fees by the School, that Delegation will not be eligible for the Award.
4. Schools should take into account a student's dedication and interest in the type of committee, while registering them. This ensures a sustained interest throughout the preparation process, which is integral to a good performance.
